-

PROFESSIONAL EXPERIENCE

Software Developer

Zollege

February 2021 - May 2021

- Worked on a remote team to deploy two full-stack web applications for clients
- Implemented Agile Development methodologies along with technologies such as React, Node.js, Javascript, CSS/SCSS, HTML, MySQL, Bootstrap, and Figma to quickly deliver MVP
- Designed User Experience (UX) and User Interface (UI)
- Managed version control within a team environment using Git/GitHub branches and merges

Fullstack Developer

BLG

December 2019 - Present

- Built websites for clients, secured seed funding, and onboarded three clients
- Engineered full stack applications with React, Node.js React Native, Firebase, Netlify, GraphQL, JavaScript, CSS, and HTML
- Worked actively with clients to ensure satisfaction and maintain QA

Web Developer/Content Creator

GarnerGuitar.com

August 2002 - December 2020

- Created online guitar instruction content, courses, and advertising materials for lessons
- Search Engine Optimization (SEO) - ranked number one on local Google search results for "guitar lessons" with 120% business growth in a year
- Iterated multiple versions of site utilizing React, Node.js, JavaScript, HTML, CSS, and Wordpress

Music Professional

Lane Garner Music

August 2002 - Present

- Performed and recorded a variety of music while traveling across the country and world as a bandleader and supporting artist
- Taught guitar lessons up to the university level and built a successful business with satisfied clients
